## Amusements

Complete arrangements have been made at a great expense to bring all the LITTLE JOHN SHOWS to Big Stone Gap for the week ending July 3rd. The following shows have been visited by a committee of the Association and accepted for our Fair.

Trip to Mars—only five of these in the United States. Old Plantation Show—one of the best in America. Crazy House—great amusement for the children. Don Fulano—the horse with a human mind—this horse comes from one of the best Theatre circuits in America where it has exhibited all winter, and he is the wonder of the age. The Jesse James Wild West Pictures—featuring Frank James in every picture. A mummified Woman. An \$8,500.00 Merry Go Round—three horses abreast; the most beautiful machine in the South. A Corderman Ferris Wheel—bigger than any ever seen in the Southwest. 50 Foot Ocean Wave—from Rice and Waters Circus, a duplicate of the one of Sceptic Chaise Pier at Atlantic City. An Electric Chair. Collection of Sacred Rats of India. Japanese Spinning Wheel. Mexican Wild Cats and Coyotes. A Monstrous Octopus or Devil Fish. Alligators. Siberian Grave Robber. Woman Who Tames Electricity—lights cigarettes with her tongue. And many other amusement features.

## Dante Loses To Big Stone Gap.

Dante, Va., June 28.—The locals were defeated here today by Big Stone Gap by a score of 4 to 2.

The visitors' scores were due to Potter's timely and extra hitting in the second and sixth. Dante was unable to score up to the seventh, when Clemens broke the spell with a three base drive to left. Big Stone Gap scored their first run in the second inning by Potter hitting to left for two bases and scored when Uhrig singled. In the sixth Corwin singled and was out trying for second. McCall singled to left. Potter hit to left for two bases, scoring McCall. Fisher hit safely, scoring Potter. Fisher stole second and went to third on a passed ball and scored on Uhrig's sacrifice fly to left. In the seventh Dante made their two scores when Clemens tripled to left and scored on Giltner's sacrifice.

fly to left. Hall tied to Potter. Rodkey singled to left, stole second and scored on McCall's single.

McIntire pitched a good game, but at times was wild and for this reason was taken out in the eighth. White finished the game without being scored on.

## Stonega Wins Another Game.

Stonega, Va., June 28.—The Keokee and Stonega teams met on the Grassbrook grounds this afternoon for the last time this season, and a big crowd of rooters turned out to witness the contest.

Keokee started scoring early, sending two runners across home plate in the first inning. Stonega promptly tied the score by duplicating the performance and by several hits and errors scored three times in the second inning, which caused southpaw Ducey's retirement from pitcher's box in favor of Harding, who finished the game in grand style.

The final score was 3 to 2 in Stonega's favor.

## Keokee Defeats Big Stone Gap.

The home team went over to Keokee Saturday afternoon where they were defeated by a score of 7 to 3. With their pitching staff weakened by the absence of White, who left Friday night, and who was slated to pitch the game, McIntire had to assume the twirling duties. Mac having been on the sick list for the past few days, was wild and ineffective, and retired in the fourth. Fisher, the southpaw, finished the game and was very effective against the Keokee batters.

In the third Big Stone got on to Sandford's shoots hard when Corwin doubled to left, McCall followed with another two bagger, scoring Corwin, but was out trying for third base. Potter tripled to center and scored on Fisher's double to right. At this stage Sandford was yanked out and Harding was sent to the mound, who succeeded in stopping the onslaught.

Keokee had their big rally in the fourth. Ducey fanned; Harding walked; Coldiron hit safely; Brittonstein walked; Kuhlman flied to Emery, in right, who, on account of rough grounds, fell twice in trying to field the ball and it went for three bases, scoring three runs.

## Supplying The Farmers With Bacteria To Grow Clover, Alfalfa and Other Crops.

Commissioner Kolner has made arrangements to furnish the farmers of Virginia bacteria to sow on land that will greatly increase the crop where the soil is lacking in this kind of bacteria. This applies only to the nitrogen-gathering plants, the legumes, such as all the clover family, cowpeas, alfalfa, soy beans and so forth. This bacteria is made for the Department of Agriculture.

Very often the use of bacteria will double the yield of the crop. This bacteria is not a fertilizer and does not act well on sour land. Full directions will be sent by Commissioner Kolner to any one desiring the information. This bacteria is a minute plant that absorbs the nitrogen from the air and feeds the plant. Almost all soils are deficient, more or less, in nitrogen and nitrogen is the most costly in fertilizers. The use of this bacteria will often insure a good crop that without it, it would be a failure.

These cultures are shipped in bottles in a jelly condition, which is diluted with water and mixed with the seed just before they are sown.
